

KUKKE SRI SUBRAHMANYESHWARA COLLEGE, SUBRAHMANYA

Institutional Distinctiveness

A pioneering work envisaged by the founding fathers of Kukke Sri Subramanyeshwara College when they laid the foundation for the institute in the year 1983. The management of the college is a charitable institution. With this charitable view the management channels a portion of the temple revenue to uplift the region, educationally. This resulted in the establishment of a high school, then a PU college and finally our UG College. Till 1983 there were no colleges in the vicinity offering higher education. The starting of the college opened opportunities to the rural students of this region to pursue higher education. Since then the college has made rapid progress both in curricular and co-curricular activities. When we look back after nearly 40 years of establishment following institutional distinctness are visible.

1. Scholarship, Endowment and Financial Assistance

One of the objectives of our institution is to provide financial help to the students of socially and economically backward sections of the society and ensure that financial inability should not pose a threat for the needy learners to get into the higher education. Hence, the institution tries to provide several types of financial assistance like scholarships, endowed monetary benefits, fee concession etc., to the students. In another way the institution will help in facilitating scholarships and financial assistance provided by the government and non-governmental agencies by processing the online applications of the students. Experts with the knowledge of scholarship schemes are invited to inform the students. Some of the teaching faculty members and alumni help students from financially weak background. The plans to reduce the fees is in the pipeline.

2. Yakshagana Sangha (YAKSHA TARANGA)

Yakshagana is a traditional folk dance form popular in coastal Karnataka districts. The college has started Yakshagana Sangha during 2018. Under this association training is given to the interested students of the college in Yakshagana performance. The students are given free training by a trainer. Our institution encourages them to participate in the competitions being held at various colleges of Mangalore University. This association is established for the purpose of encouraging the development of Yakshagana art. In addition to it, part-time job opportunities are available for them to earn honorarium. The college management sponsors the expenditure incurred to train the students.
